# Your Local Brewery News...

**The Sheffield Brewery Company - [www.sheffieldbrewery.com](http://www.sheffieldbrewery.com)**

Great music deserves great beer! The Sheffield Brewery Company was delighted to have been specially selected to supply "Tramlines" this year's outstanding festival real ale.

Brewed in its micro-brewery in Albyn Works, Neepsend, **Tramlines** ale is a delicious session ale which was brewed specially for all of the festival marquee

bars and participating festival pubs. Okie (in the photo) ran the World Music Stage bar and said "we sold out of Tramlines on the first night – it was so popular!"

The organisers said 175,000 people enjoyed the festival and a big thanks from the Sheffield Brewery Company team must go to the Tramlines committee for making the festival an even bigger success than last year – bring on 2013!

Pick up a pint of the festival spirit at the Bowery, Wick@both Ends, The Harley, Henrys, The Cremorne and The Gardeners Rest [www.gardenersrest.com](http://www.gardenersrest.com) (brewery tap).

## HEATHERFIELD CLUB - TOTLEY

The Heatherfield Club, Totley is to hold its first beer festival running in conjunction with the Totley music festival.

**The event will run over 2 days.**

**Friday 23rd. September from 6pm  
and**

**Saturday 24th. from 12 noon.**

We will be featuring new beers with a musical theme from several local breweries.

We are sure to hit the right note along with some musical entertainment for a bit of fun and a touch of catering for those other needs.

**Heatherfield Club, 193 Baslow Road, Totley, S17 4DT**

**Steel City Brewery - [www.steelcitybrewing.co.uk](http://www.steelcitybrewing.co.uk)**

Following from our three collaborative brews in July, Steel City have brewed **Sheffield Hop Infusion team** with Sheffield Tap barsteward Dan (who by the way was very happy his first brew with us, Decadent & Desperate, won a bronze award at Macclesfield Beer Festival!), again standing in for Gazza who was busy drinking overpriced beer in London. The brew used Low Colour Maris Otter & Wheat Malt, followed by Columbus and Galena for bitterness (all 120IBU of it!), with a heady mix of Chinook, Citra, Nelson Sauvin, Pacific Jade and Simcoe. August saw a second brew, a porter involving caramalt and chocolate malt, along with Warrior and Sorachi Ace hops, and entitled **Darkthrone** (another Black Metal reference).

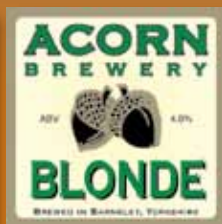

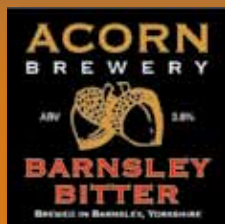

Steel City will be the featured brewery in the Sheffield Tap, starting 21st September. A variety of offerings from Sheffield's most hop-obsessed brewers will feature, many of them exclusive to the Sheffield Tap and some even brewed in collaboration with the Tap.

Try our first ever keg beer on dry land, or the world's first Imperial Kolsch, or simply gorge yourself on hops! If dark beer is your thing, there's porter, coconut porter, biscotti porter with almonds, vanilla and coffee, or Imperial Porter. Hops come diluted with between 3.2% and 7.8% alcohol.

**Blue Bee Brewery** - [www.twitter.com/bluebeebrewery](http://www.twitter.com/bluebeebrewery)

The Rugby World Cup *kicks off* in September, in New Zealand, and to *mark* the occasion, Richard has produced a special beer, **Rugbee Rugbee Rugbee** drops in at 4.8% ABV, and (no surprise) features New Zealand hops, in this case Pacific Jade has been *put-in*. It is the first time Richard has used this particular variety; he says it imparts a pleasant pine-citrus note to the beer. Don't *pass* on the chance to *try* some soon!

In addition, the Blue Bee boys would like to thank all who came along to Launch Night at the Rutland Arms, nice to see 16 brewers in one room! For those who missed it, don't fret, we'll do it all again soon...

**Thornbridge Brewery** - [www.thornbridgebrewery.co.uk](http://www.thornbridgebrewery.co.uk)

Faced with the delightful challenge of using Stella, a new high alpha hop from Australia, the Thornbridge brew team thought this would work well in a nice hoppy Brown Ale. And so **Browne** was developed and is now available. It is a medium intensity beer in both flavour and aroma. It has a juicy fruit and floral aroma up-front but nice hints of roasted and caramel-like aromas come through.

**Peak Ales - [www.peakales.co.uk](http://www.peakales.co.uk)**

Over the summer, Peak Ales seasonal, **Summer Sovereign** has gone down extremely well! Now we are going in the Autumn months Peak Ales will be brewing **Paxton** which will be ready from October, named after Chatsworth's head gardener many years ago. In other news we have a new full time brewer, Tom Neale.

**Kelham Island Brewery - [www.kelhambrewery.co.uk](http://www.kelhambrewery.co.uk)**

The new Kelham Island special is **Vincent Black Lighting**. A rich full bodied continental style dark beer named after the classic bike that was recently sold for \$1.2 million.

**Spire Brewery - [www.spirebrewery.co.uk](http://www.spirebrewery.co.uk)**

Dave and Sarah would like to thank everyone who attended the opening night of **The Three Tuns in Dronfield**, and everyone who has visited since. The response from the local community has been overwhelming, so much so that Dave has had to brew to capacity at their Brewery in Staveley for the last two weeks to keep up with the demand of the Dronfield drinking public!

An interesting food menu will be launched during September, featuring old favourites like sausage and mash & steak and kidney pie and introducing The Three Tuns all day breakfast... can you handle it?

**Please note that The Three Tuns will now open every day from noon.**

# Your Local Pub, Club and Beer Festival News

**The Three Tuns in Dronfield (formerly the Hallowes)** opened as planned on Friday 8th August at 7pm and was absolutely packed. 12 real ales were available along with 2 ciders and a range of continental beers and despite having one or two technical problems on opening night which slowed service, the word went round Dronfield that a good pub has opened and it has been well supported since. Food service is due to commence in September with traditional pub meals available plus pizzas baked in an wood fired oven located out the back of the pub.

Time for a grovelling apology now, the Real Ale Guide to Sheffield & District has an unfortunate error in that it shows the **Timbertops** as demolished - in actual fact the pub is not only still standing but

open and serving a real ale in the form of Abbeydale Daily Bread at a reasonable £2 per pint. So sorry to the landlord and staff at the **Timbertops** and encouragement to readers in the area to go in and show some support by drinking their beer!

**Abbeydale Sports Club** has increased their choice of real ale again in the club house bar. They are also once again hosting the Sheffield Rugby Union Club Beer Festival with real ale, cider, food and entertainment to be found in tents on the edge of the Rugby pitch from the 9th to 11th September. The venue is just a few minutes walk from Dore & Totley railway station and also served by bus routes 97,98,218 and 293.

Meanwhile further up the valley on **Baslow Road** the **Heatherfield Club** is holding their first ever beer festival from 23rd to 24th September, which will run alongside Totley Music Festival. The beer festival has a preview evening for club members on the Thursday then is open to the public on Friday and Saturday.

Some good news on **Bramall Lane**. Not a football reference (I try to avoid that sort of thing) but the fact **The Cricketers** has reopened after a few years boarded up.

**The Hearty Oak at Dronfield Woodhouse** held a fun day on the August Bank Holiday Monday with a mini-beer festival, host roast pork sandwiches and a world record domino game attempt.

**The White Lion (Heeley)** Beer Festival at the end of July was a huge success and due to the fantastic feedback from the customers, they are now preparing an Oktober Fest with a Germanic influence

on 21st - 23rd October. There will be 13 cask ales and plenty of German lagers, live music and free food!

The University of Sheffield's real ale pub the **University Arms** has helped to raise awareness of a mountain climb for children's charity Action Medical Research. A jazz, folk and blues event took place in August where supporter's joined Paddington Bear, the official Mascot of Action Medical Research and University Arms regular Alan Henderson who will embark on the charity climb of Mount Everest later this year.

The University Arms, who recently launched a partnership with Acorn Brewery, kicked off the fundraising by generously donating all of the profits from the first nine gallons of their locally brewed beer 'Thirst Degree' to the worthy cause.

If you want to go and see what's so good about the Old Hall, you could do worse than visit on the weekend of the **23rd-25th September** when their annual autumn beer festival takes place over three days. The Dove is very student-friendly too however, and will be looking forward to welcoming Sheffield's newest residents, as well as the returning students who have already discovered them, tucked away in Hartshead Square, just behind Pizza Hut and the Bankers Draft, by Castle Square tram stop. ## ***The Pub of the month award***

Our pub of the month awards are designed to highlight and support pubs and bars across Sheffield and District that consistently serve good quality real ale in a friendly and comfortable environment.

These are the only real principle we apply, so anything from a community local to a trendy city bar can win if it meets CAMRA's basic ideals. If you are a CAMRA member why not pay a visit to some of the nominated pubs and vote whether you think they deserve to win or not.

To vote for a pub you must be a CAMRA member, and have visited the pub within the last 3 months. The book with the nomination forms to add your vote to

is available at all branch meetings, or alternatively send an e-mail with your name, membership number, name of pub and an indication of whether you are casting a positive or negative vote to [potm@sheffieldcamra.org.uk](mailto:potm@sheffieldcamra.org.uk)

# Steel City Beer & Cider Festival 2011

A new venue for our annual beer and cider festival this year and many of you will be pleased to know it isn't a marquee in a park - it is the International Sports Hall at Ponds Forge, Sheffield's big flagship sports centre conveniently located near the railway station, bus Interchange and Fitzalan Square tram stop.

The festival this year will feature an increased choice of beers - around 200 real ales - with most of our local breweries showcased along with some new, interesting and rare beers from further afield. We will also have a great range of real traditional Ciders & Perrys from across the UK. We also aim to keep all the beer and cider at reasonable prices.

Apart from the fun of trying beers and ciders you haven't had before, there will also be live music each evening to entertain you and during the day you can

Hot & cold food will be available to buy, provided by Ponds Forge's own cafe. They will also be selling soft drinks.

**How to tackle the festival:** First of all you have to get in - if you look young please bring suitable ID, once at the door you need to pay the admission fee (which includes a copy of the programme), buy a souvenir glass to drink out of (these are refundable if you do not wish to keep yours) and buy beer tokens to spend at the bar. We suggest you start off on the lower strength beers and work your way up to the stronger ones, this way you get to taste them all properly!

**How to volunteer:** The Steel City Beer & Cider Festival is organised and staffed by volunteers who enjoy showcasing their love of good beer & cider. We are looking for CAMRA members to help out by working the festival. Staff enjoy free entry and some free beer and/or cider, relative to hours worked. # Double honour for Kelham Island Brewery's Dave Wickett

Dave Wickett, the local businessman who owns the Kelham Island Brewery, Fat Cat pub and a number of other businesses and continuing to be involved running them despite now being confined to a wheelchair has recently received a double honour - a lifetime achievement award presented by deputy speaker Nigel Evans on behalf of the all party Parliamentary beer group and the Professor Robert Boucher Distinguished Alumni Award from the University of Sheffield, presented by the late Professor's widow.

Originally from London, Dave Wickett graduated with a Masters in Economics from the University of Sheffield in 1976. He started his career as an Economics Lecturer at Sheffield Polytechnic and was one of the first people to recognise the key importance of work placements for students. He set up business degrees at 47 universities across the country and became Chairman of the Business Studies Placement Scheme.

In the process of setting up a staff club at Sheffield Polytechnic, he developed a professional interest in the brewing industry and a passion for real ale. He decided that he would like to own a pub and in 1981 he purchased The Fat Cat pub in Kelham Island. Miles Stevenson, Director of Development at the University, who has known Dave for many years, commented: "Dave's vision of a pub was a place for good company, great hand-pumped beers and excellent home-cooked food including vegetarian and vegan dishes. The Fat Cat was an immediate success and led the charge against insipid pub chains for a return to a traditional pub with real character."

Whilst running the pub, Dave continued in his job as a lecturer and introduced an exchange

programme at The Rochester Institute of Technology, a university in Upper New York State, which allowed its students to study at Sheffield. This led ultimately to Dave opening The Old Toad, an English pub in New York which was run by British students on their exchange year.

During the 1990s the large breweries in Sheffield closed and Kelham Island became the biggest in the city. In 1999 Dave opened a new brewery with increased capacity, alongside the old one, to cope with increased demand. In August 2004 Kelham Island's beer Pale Rider was named as Champion Beer of Great Britain at the Great British Beer Festival in Olympia.

Dave has inspired others to set up micro-breweries - notably at Thornbridge Hall and at Welbeck Abbey, where 24 year old Sheffield alumna Claire Monk is the head brewer. He is now working with Professor Dave Hornby of the University's Department of Molecular Biology and Biotechnology to develop a new postgraduate degree in micro-brewing to help train the next generation of master brewers.

In 2009, Dave Wickett was honoured by CAMRA with a Lifetime Achievement Award for his outstanding contribution to the promotion of real ale. He is also a life-long fan of Sheffield United and for 21 years wrote for the Sheffield United Match Day programme.

Professor Keith Burnett, Vice-Chancellor of the University of Sheffield, said: "Dave Wickett is widely admired and respected within the Sheffield community and beyond. We are deeply grateful for all that Dave has done for the University, as a member of the University's Court and an active supporter of the Alumni Office. Dave's career has neatly mirrored the renaissance that has taken place in Sheffield over the last 20 years. He is an entrepreneur with boundless energy, courtesy and optimism. We are immensely proud that he is one of our alumni and we are delighted to present to him the Professor Robert Boucher Distinguished Alumni Award."

This new award aims to recognise alumni who have made outstanding contributions to business and community life.
