Bradfield Pale is the new gold

Bradfield Brewery's **Farm-ers Pale Ale** has struck gold in Rotherham CAMRA's Beer of Yorkshire Awards 2015.

Farmer's Pale Ale is one of the ales that started the Bradfield Brewery story 10 years ago and continues to be a best seller for the brewery. It has been awarded the Gold Award within the Strong Bitter category at this year's Rotherham CAMRA Beer of Yorkshire Awards held at Magna.

And the winning didn't stop there, Bradfield's popular **Farmers Brown Cow** scooped Bronze in the Best Bitter Category. Farmers Brown Cow has also been around from the early days, first introduced in July 2005 as a special brew, now brewed all year round due to its popularity.

Head Brewer Paul Ward attended the ceremony on behalf of Bradfield Brewery to receive the awards. Paul has been at Bradfield Brewery since they began brewing in 2005, and now boasts nearly 20 years experience in the brewing industry and creating the champion beer of Britain in 2004.

On collecting the awards, Paul said, "We are delight-

ed to be receiving these awards for our ales. I take great pride in creating real ales that compliment the industry and I know people will enjoy. Collecting these awards shows that our ales unique which is what we strive to achieve and we would like to give special thanks to Rotherham CAMRA for showcasing our ales."

Bradfield Brewery ales were amongst over 90 real ales which were blind tasted at Rotherham Beer Festival held at Magna in June.

Bradfield Brewery is based on a working farm in the peak district, within the picturesque village of Bradfield. After brewing their first brew in 2005, the brewery has gone from strength to strength, with customers enjoying Farmers Ales all across the county.

Farmers Pale Ale is a distinctive fruity pale ale balanced with a floral bouquet, full bodied and strong at 5.0% ABV with a predominantly dry aftertaste.

Farmers Brown Cow is a premium bitter, a rich deep coloured ale with a smooth creamy head. A citrus aftertaste gives way to a long dry finish.

Exit 33

At a recent charity quiz night at The Harlequin, Annie Stoker won a brew day experience at Exit 33. She brewed a special **Charity Pale Ale** and the brewery will make a cash donation to local youth homeless charity Roundabout for every pint sold. (Annie is pictured adding a hop charge to the brew)

The monthly special for August is **Summer Breeze**, described as a 4.3% refreshing pale session ale. Just the thing on a hot day!

Introducing... Hopjacker

Hopjacker Brewery is going to be a progressive new microbrewery based at the Dronfield Arms free house producing exciting, hop forward ales.

A 5 bbl kit is being supplied and fitted by Oban Ales and we will be aiming to launch our first ales at the pub during our August Bank Holiday Beer Festival - Join us for a first taste on 29th and 30th August!

Drone Valley

Establishment of the brewery is well under way to make the brewery a fully-fledged community benefit society. This means that surplus profits to be donated to local good causes.

Another brew has been produced courtesy of Barlow Brewery following the fantastic success of the society's first brew, a 5.2% IPA, which was very well received locally. Look out for **Gosforth Gold** – a new recipe of Dave McLaren (ex-Spire Brewery).

The brewing process has been filmed by a Drone Valley Brewery member, Hannah Lister, and the footage should now be available on the website: dronevalleybrewery.com.

The management committee recently visited Heskett Newmarket Brewery in Cumbria which has similar aims in benefiting the community. Their staff kindly imparted a great deal of useful advice as well as a taste of their lovely beer.

The one thing that remains elusive is premises. The search goes on in Dronfield but any suggestions from *Beer Matters* readers will be gratefully received.

Meanwhile, the membership stands at 80+ people. If you want to get involved in the brewing or invest in the society, please get in touch by email – letsget-dronfieldbrewing@gmail.com.

Blue Bee

NZPA 4.7% will be hitting bars around Sheffield throughout August. It combines Wai-iti, Motueka and Pacific jade hops all from New Zealand to give a distinctive citrus flavour.

On top of this the next in our single hopped IPAs will be **Motueka IPA**

5.0% this New Zealand hop provides plenty of tropical fruit and lime flavours.

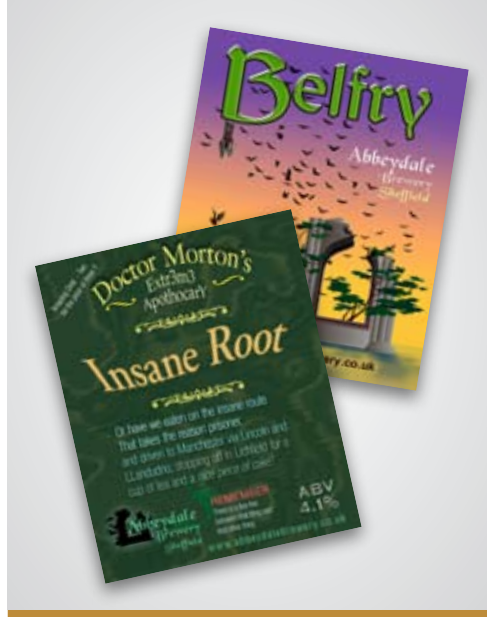

Also on the cards is something using plenty of one of our favorite hops, Citra. The plans are to use this fantastic hop to create a refreshing summer session pale ale.

Steel City

Steel City's latest brew is another tongue-in-cheek political reference, referencing the suggestion the ECB print future Euro banknotes on **Greece-Proof Paper**. The beer itself is a pale hoppy brew around 4%, with a selection of US hops – varieties not known at time of writing, but expect big tropical and citrus fruit flavours and a bitter finish. Look out for it at the usual suspects.

Dry-hopping is soooo 2012, so once again a chilli version has been produced. **Fire Galore** takes its name from a Deathstars track, and features a handful of Scotch Bonnets in the cask, just enough for the lemony flavour to come through and just a slight kick from the capsaicin (note that 'slight' is in the words of Dave, who also reckons his beers are 'slightly' bitter!).

Abbeydale

Huge thank you to all those who came out to support SunFest once again! It just keeps on getting better and better each year! We will announce shortly how much we managed to raise for JBMF, so keep your eyes peeled on our website and also jbmf.co.uk. I think we will sit down for a moment before we start planning next year's festival which will be the 10th!

Talking of beer festivals, anyone heading down to London for GBBF can sample our **Belfry**. We have had to re-brew a small batch just for the festival, but I'm sure a few casks will find their way out into the local trade!

In other beer news this month, we are making a few beers with different types of barley other than Low Colour Marris Otter. Golden Promise malt will feature in **Dr Morton's**

Insane Root and give a more golden colour with a bit more sweetness. Expect plenty of hop character from the Australian hops, Galaxy and Vic Secret. Bold tropical and citrus fruit flavours come to the fore coupled with a lasting bitter finish.

Transformation has been brought back from the brew books and makes its first appearance for three years! A trio of hops from the US, Australia and New Zealand give tropical fruit flavours and zesty aromas. The use of Pearl malt gives more subtle toffee notes than our normal pale ales.

Look out for another signature beer to follow **Bex** and **Gazmalt** (we promise they won't all be 6.0%!) and a **Dr Morton's Transfers for China** toward the end of the month!

Welbeck Abbey

Here at Welbeck Abbey Brewery we're elated to announce that our first pub, The Portland House, is currently being planned, prepped and polished ready for opening in August.

Situated on Ecclesall Road in Sheffield, our little boozer will be entirely dedicated to ethically sourced food and drink with provenance; a fine balance between the heritage that comes with being part of the Welbeck Estate and the contemporary, industrial style that is synonymous with Sheffield.

Heading up our newest venture will be no other than esteemed General Manager Tom Purcell previously of the University Arms, Sheffield.

On the bar you'll find a selection of Welbeck Abbey beer and also guest ales that we source from fellow brewers far and wide. With 6 hand-pulls, a selection of continental keg products plus lots of delicious spir- its, wine and bottled beer

we believe there really will be something for everyone. We're very proud of our newest venture and we invite you all to come and visit us upon opening.

Brewery Tours are still running on the second Monday of each month and the final tour will commence on Monday 14th September. Head brewer and one of few Brewster's in the UK, Claire, takes you on a sensory journey and explains the brewing process from grain to pint. Tours start at 7:30pm and finish around 9pm costing just £7.50 per person. Tickets are available from the Welbeck Farm Shop or by contacting the brewery direct on 01909 512539. We look forward to seeing you.

In other news we're sponsoring the Roman Southwell Community Archaeology project and have brewed a beer with volunteers from the group in order to raise money for this great cause. The beer is called Gladiator

and drinks at 3.8% ABV. Brewed with pale malts and entirely English hops for grassy notes and floral balance - we can all help raise money with 10 pence of each pint going straight to the charity to increase funds for their next stage in the dig. To find out more about the group, charity and Roman activity in Southwell visit their website: mbarchaeology.co.uk. Southwell food and drink pub The Hearty Goodfellow is heading up the campaign for us and this is one of the fine establishments where you will be able to do your bit in keeping history alive, whilst supping a delicious pint of English ale.

On the not so distant horizon are a couple of items that we're rather chuffed with at brewery HQ. Firstly we're ecstatic to say that Welbeck Abbey keg lager Pivo will soon be coming to a pub near you! Brewed using Czech and Polish hops this 4.8% ABV crisp, clean,

thirst quenching lager will be available very soon so keep your eyes peeled. Finally we've had a bash at brewing a beer in the style of a Belgian Dubbel, which we'll be maturing in ex-wine casks in the tunnels that run underneath the abbey here at Welbeck. We're looking to achieve between 6-7% ABV for this rich, dark libation.

Upcoming Monthly Specials for July are out and about in a pub near you very soon:

Sports bar is national champ!

The team at Champs in Sheffield is celebrating after being shortlisted as a national finalist in the Great British Pub Awards.

Licensee Danny Grayson has been recognised as one of only five finalists in the Best Newcomer and Best Sports Bar categories and will go on to compete in the national awards which take place in London in September.

Champs on Loxley New Road opened in February 2014 following a joint £500,000 investment with Punch Taverns, which transformed the former run-down Victorian pub into a cool and contemporary sports bar on three levels. With 31 large TV screens showing high profile sports all day every day, from Premiership football matches to horse racing and superbikes, Champs is a sports lover's dream.

The modern and welcoming interior, complete with a wide range of sporting memorabilia including a full-size motorbike (which proves very popular with younger customers) gives it a real edge over other venues.

Licensee Danny Grayson said: "I could see the potential to create a high quality bar that would tap

into our fascination with sports. Thanks to a creative approach and a focus on standards, we've created a winning concept. But, Champs is much more than that; it's at the heart of our local community, sponsoring local football teams and raising lots of money for local causes every year. It's a space where families can come together and enjoy the match or just relax."

The sports interior is complemented with a strong food and drink offer, based on good quality and value for money. With a striking American grill theme, the menu includes favourites from American Ribs to Build A Burger and the Kamikaze Wing Challenge. All of the bar's the food is from local suppliers and cooked fresh on the premises.

Commenting on the recognition, Danny Grayson said: "The team have worked extremely hard to create this successful venue. It's not just about the sports; it's about the staff, all of whom are highly motivated and passionate about customer care and it's about the community – a winning combination in anyone's book! Let's hope we bring home the trophy."

Head chef David Sheldon and landlord Barry Coxhall of the **Three Merry Lads** in Lodge Moor, are the new holders of the Guinness World Record for the longest barbecue record. They started at 8am on 20th June and after 30 hours finished at 2pm on the 21st. During that time they cooked around 3000 items, 400kg of meat supplied by Philip James butchers of Crosspool. It was a memorable weekend with around 700 people turning up to support the event.

The **Old Grindstone** at Crookes has been redecorated with all the reds and oranges gone and more pleasant blues and greens with white ceilings making the pub feel more comfortable. Four extra hand pumps have been added making eight, three selling LocAles.

The **Devonshire Arms** in Dore is under new management. The new manager is looking to achieve recognition from Cask Marque for beer quality.

Inn Brief

The **Castle Inn** at Bradway closed temporarily to allow for a change of management, although it is still being run by Vectes leisure until Enterprise Inns find a more permanent leaseholder. Three real ales are available at the Castle and food is now served Tuesday to Friday 12-3pm and 5-8:30pm plus Sunday lunchtime 12-3pm.

Meanwhile, the previous managers of the Castle - Craig and Marie Harris - are now running the **Cherry Tree** on Carter Knowle Avenue, near Millhouses. The bar there features 5 handpulls for real ale with beers generally sourced from within 30 miles of the pub and food is due to be introduced early August with a menu of bar snacks and home made meals. The nearest bus route is on Carterknowle Road - served by buses 85 and 505 in the daytime and bus 4A evenings and Sundays.

The **Devonshire Cat** continue with their programme of food and drink themed evenings, dates coming up of interest to the beer drinker include a night dedicated to strong beers, a night for Stouts and Porters and a night all about Abbeydale Brewery. See their advert elsewhere this issue for listings.

More CAMRA Discounts

I've just been reading the latest edition of Beer Matters and saw the section on pubs that offer discounts to CAMRA members.

As a fully paid up member I can confirm that I have been taking advantage of the following offers in pubs near where I live:

Rising Sun

Abbey Lane (20p off a pint)

Robin Hood

Millhouses (20p off a pint)

Waggon & Horses

Millhouses (10% off a pint)

I've saved £££s with these over the last year or so, and with the Wetherspoon vouchers I have more than made up my annual membership fee! J

The Rising Sun has four or five real ales on (three of them guests) whilst the Robin has up to 7 on, (up to five of which are guests).

The guest ales tend to be national brews as both pubs are Mitchel's and Butlers. The ale in both pubs is well kept and we like the Rising Sun in particular as it is an old fashioned, traditional pub (if you get in later after the eating has tailed off - late Saturday and Sunday evenings are bliss).

The Waggon has up to three ales on, all of which vary, but tend to be from local breweries, including Abbeydale, Kelham Island, Thornbridge and Bradfield. It is mainly a grill pub, but has recently got Cask Marque accreditation so it is trying to attract drinkers. It does however tend to die out once the diners have gone home.

I consider myself lucky that these pubs, all offering discounts, are within walking distance for me – happy to spread the word about the discounts via Beer Matters.

Cheers, **Mark Godson**

ACV UPDATE

Sheffield and District CAMRA has piloted a national CAMRA scheme which encourages branches to nominate pubs in their area as Assets of Community Value (ACV). The scheme is now open to all CAMRA branches. Each branch can use this assistance to nominate up to ten pubs/month. Once a pub is ACV listed, planning permission is required for any change of use or demolition

We have nominated eleven pubs, ten in Sheffield and one in the Derbyshire Dales. The pubs are a mix of heritage, suburban, city centre and rural. Currently only one Sheffield pub, the Castle (Bolsterstone) has ACV status. In our wider 'district,' the Angel (Spinkhill) and the Anglers Rest (Bamford) also have ACV status

CAMRA, nationally, completed the LA paperwork, checked ownership, obtained ground plans and paid the £6 fee. After checking the details and adding more information, we then submitted the completed documentation to the appropriate Local Authority. We now await their decisions. Once the Local Authority has ruled on these applications, we will review our position and may submit more pubs for ACV status.

★ Pub of the Month August 2015 ★ Red Deer, Pitt Street

Hidden away off West Street, the Red Deer on Pitt Street is approached via Mappin Street and is one of the gems of the City Centre real ale scene. Dating from the 1870's, the pub originally comprised three small rooms with a central bar area. This was opened out in the 1980's and the bar repositioned to provide the present format of an L-shaped lounge. The "gallery", a raised area at the rear, was added in 1993 and this leads on to a beer garden. Formerly a Tetley pub, for many years in the early days of Sheffield CAMRA, the Red Deer was the regular meeting place for the branch, it being one of the few Sheffield pubs to retain handpumps.

Jake Nickles took over the pub in August 2010, having previously worked in pubs and bars in London and the Midlands. By focusing on good customer service and increasing the choice of real ales he quickly re-established the pubs reputation as a quality showcase for cask beer. The bar displays an impressive range of handpumps, serving up to nine beers, currently always includ-

ing Kelham Island Easy Rider, Moorhouse's Pride of Pendle and Stancill No. 7 together with regularly changing guest beers including several from local independent breweries. A good selection of malt whiskies is also available.

The pub opens 12.00 to 12.00 Monday to Thursday, 12.00 p.m. to 1.00 a.m. Friday/Saturday and 12.00 to 11.00 p.m. Sundays. Quality "pub grub" is available 12-3 and 5-9 p.m. weekdays and 12 to 9.00 p.m. Saturday/Sunday. Tuesday evenings there is a fairly challenging pub quiz, and regular live music Saturday nights and alternate Sundays Also on Sundays there's a popular movie night held in the upstairs function room, alternating between sci-fi and arts films. The well-deserved Pub of the Month award will be presented on the evening of Tuesday 11 August 2015, when all are welcome to join us. An incentive for CAMRA members is a 5% discount on real ales, on production of a current membership card.

Vote for Pub of the Month!

Our Pub of the Month award is a bit of positive campaigning, highlighting local pubs that consistently serve well kept real ale in friendly and comfortable surroundings.

Voting is your opportunity to support good, real ale pubs you feel deserve some recognition and publicity.

All CAMRA branch members are welcome to vote at branch meetings or on our website.

It's not one pub against another, simply vote YES or NO as to whether you think the pub should

be PotM. If we get enough votes in time we will make the award.

Nomination forms are available at branch meetings and on the website. The pub must have been open and serving real ale for a year and under the same management for 6 months.

Winners compete alongside our Good Beer Guide entries for branch Pub of the Year, the winner of which is entered into the national competition.

★ **Dronfield Pub of the Season** ★
Coach & Horses, Sheffield Road

The Coach & Horses on Sheffield Road, Dronfield, is a cosy little pub attached to Sheffield FC's football

ground. Sheffield FC hold the record of being the oldest established football league club in the world.

The actual pub is operated by Thornbridge Brewery with the bar showcasing a selection of well kept examples of their beers, along with guest beers of a similar calibre.

The team behind the bar, led by pub manager James Broad and Cellar Manager Ash create a friendly atmosphere throughout the pub, infectious enough for the musicians attending the regular Monday open mic jam night to form a band called 'The Coachmen' and more recently 'Blind Badger and the duet Hamish and the Boy'. Other regular events at the Coach include a quiz night on Sundays, with free chip butties for participants.

The final piece in the

jigsaw of success is the food, with 'Chariot's Kitchen' serving quality home cooked food. Their new menu launches on 4th August.

The presentation ceremony for the Summer "Pub of the Season Award", voted for by Dronfield CAMRA members, will be held at 8:00 PM (for 8:30) at the Coach and Horses on Saturday 29th August.

During the evening, Drone Valley Brewery will launch their third brew. As yet nameless, this will probably be a 4.8% pale ale based on either Amarillo or Galaxy hops.

A free buffet will be provided courtesy of Chariots Kitchen.

THE BEER IN BROADSTAIRS

A trip report by Patrick Hancock

THE GARDEN OF ALE... Earlier this year, we enjoyed a family holiday in the Kent coastal resort of Broadstairs. Over the course of the week, we were able to soak up the traditional seaside fare that the town has to offer, visit attractions such as the World War II tunnels at Dover Castle and enjoy fish and chips after a walk to the nearby town of Ramsgate.

Despite just missing the 10th Planet Thanet Easter Beer festival at Margate's Winter Gardens, I was of course keen to check out the East Kent real ale scene and broke our journey down by calling at the **Rose and Crown**, a 16th century free house in the rural location of Perry Wood a few miles south of Faversham. As well as decent food and an extensive garden, this reputedly haunted inn offered real ales in the shape of Woodforde's Wherry, Adnams Southwold Bitter and Harvey's Sussex Best Bitter (4.0%). I chose the

latter which was in decent nick, before making our way east.

Upon our arrival in Broadstairs, it became

apparent that the town was gripped with election fever with one Nigel Farage attempting to steal the South Thanet constitu-

ency from the Tories whilst seeing off 'Pub Landlord' Al Murray in the process. Also contesting the seat was Nigel Askew (a real pub landlord) representing the Bez's Reality Party whose battle bus could be seen on the town's High Street.

Having settled into our self catering accommodation in a quiet square near to the sea front and containing a blue plaque dedicated to Bagpuss, Clangers and Noggin The Nog co-creator, Oliver Postgate, I took the opportunity to call in at a couple of Broadstairs hosteleries. First up was **Neptune's Hall**, a former Good Beer Guide listed pub close to the town's harbour (on Harbour Street, in fact) which had gone into the notebook (not an actual book on this occasion) on my only previous visit to the town. Like many Shepherd Neame pubs I observed during the week, this well maintained pub has a handsome exterior and as well as SN's Master Brew and Spitfire, guest ales such as Aurora (4.8%) a nice golden beer from Great Yarmouth brewer, Lacon's.

After this, I made the short walk to **The Chapel**, a unique 2012 conversion of the former St Mary's Chapel into a pub-cum-second hand bookshop offering a special Kentish menu (crab and stuff) and ales straight from the cask from local breweries including Hopdaemon and

Gadds of Ramsgate. The Chapel has a sort of bohemian atmosphere and is the sister pub to the award-winning Lifeboat Ale and Cider House in Margate which was recommended to me.

On Easter Monday, we visited Canterbury which boasts several Good Beer Guide entries and chose to eat in the **City Arms** on Butchery Lane, close to the city's famous cathedral. Beer of choice on this occasion was GB (4.2%) from local micro, Canterbury Brewers.

Having bumped into the Archbishop himself outside Canterbury Cathedral, my voyage along Stella Street continued back in Broadstairs when I sighted dem' Kumars, Sanjeev Bhaskar and Meera Syal strolling along the beach and later

that evening, 2006 X-Factor finalist, Ben Mills guzzling white wine in the **Wrotham Arms**, a back street Shepherd Neame pub.

Micro pubs are clearly

thriving in this part of the world and they don't come much better than the **Yard of Ale** in the St Peter's part of town which I visited on Tuesday evening. The recently crowned Thanet and East Kent CAMRA Pub of the Year is in an old stable yard with an original cobbled floor and a great range of gravity dispensed beers. Customer service is high on the agenda here with co-owner, Shawn Galvin and wife Clare taking time to meet and greet customers old and new. Not too far away in St Peter's, ale drinkers and Two Ronnies aficionados will find the **Four Candles**, home to Britain's smallest brewery. This small one-roomed pub was opened in the premises of a hardware shop in 2012 by owner, Mike Beaumont with a one barrel plant in opened in the pub cellar two years later. Another great addition to the local

pub scene.

On Wednesday evening, it was time to visit the **Tartar Frigate** which occupies a splendid harbourside position in Broadstairs and is home to an upmarket seafood restaurant and weekly acoustic music (Chicory Tip are regulars!) sessions. After an fine pint of Gadds' No 5 (4.4%), we made our last port of call,

The **39 Steps Ale-house**, a micro pub sporting film posters of the John Buchan novel of the same name, a myriad of pump clips and real ales straight from the cask. On this occasion, we both sampled Devil's Dyke Salted Caramel (5.0%) from the Downlands Brewery in West Sussex.

ANNUAL BEER CENSUS

Saturday 5th September

The annual beer census is a survey we do every year to take the pulse of Sheffield's real ale scene in terms of how many different beers are available at any one time, which breweries are currently popular and what the average price is.

The same survey is also conducted in Derby, Nottingham, Norwich, York and other towns and cities with the results not only being data that is useful from an academic point of view but also allegedly proves where is the Beer Capital of England in terms of choice!

We would like to invite you to join us on the survey day, a pub crawl with a purpose! Each official sur-

vey crawl will have a leader with the paperwork, simply meet them at the start point and enjoy visiting some pubs in Sheffield you may not normally get to - if we can get a good group on each crawl it is a social event as well as a task!

There are three sets of crawls - suburban crawls starting at midday that work their way into the City Centre by bus, City Centre crawls starting at midday and then an evening crawl taking in Kelham Island and the Upper Don Valley.

See the map for the choice of suburban (lunch-time) and city centre (noon and evening) meeting points.

We've also mentioned sponsorship, corporate support and hospitality - there are still some opportunities available - get in touch if you are inter-

ested in promoting your business at the festival.

The festival is split into various areas. Once you have passed the entry desk (where you pay your admission and pick up your glass) the choice is:

Featuring the main real ale and cider bars, cold food stalls, CAMRA merchandise stall and the live music stage.

Victorian Courtyard

Featuring the hot food stalls and outdoor drinking area all atmospherically themed.

Millowners Pub

A replica of a traditional local pub with local breweriana on display and a working bar featuring around 6 real ales.

Marquee

The other main beer bar can be found here along with the CAMRA membership stall, games and seating.

River Don Beam Engine Hall
